

The **Office of Student Involvement** at William Peace University is here to help YOU make the most of the Pacer experience! Getting involved on campus helps you **graduate at WPU, have a higher GPA, meet new people and secure a part-time or full-time job or pursue graduate school!** Let us help you find your purpose and make an impact.

#### **CAMPUS ACTIVITIES BOARD (CAB)**

**Looking for fun, FREE events?** Turn to the Campus Activities Board! CAB hosts nearly **50 events** each year including monthly **movie nights** with the biggest releases, **comedy, live music and spoken word events** with some of the best performers around, **WPU's Got Talent**, the infamous **Late Night Breakfast** and **Waterpalooza** and **Pacers After Dark**, a monthly late night program on Fridays!

#### **STUDENT GOVERNMENT ASSOCIATION (SGA)**

The Student Government Association a WPU is the **voice of the student body** to the administration. These elected student leaders work to ensure you have the best experience possible through town hall events, funding campus programs and facilities improvements and much more! Each class also has a representative to help them be successful through targeted initiatives.

#### **REGISTERED STUDENT ORGANIZATIONS (RSOs)**

William Peace is home to **over 25 different student led groups**. These organizations fall into many areas including academic majors, social and special interests, religious affiliations and identity-based groups. Some groups include our Black Student Union, Anthropology Club, Political Science Club, Pride Student Union and 15 Below Student Theatre Company. RSOs are a great way to meet new people and find community. It is easy to start one too!

“Being involved on campus has helped me see how to improve, not only my leadership skills but my campus! You get to network with many types of people, see the inner workings of your school, and get to witness how change happens within the institution! It has taught me how to be a patient person and the essentials of being in a team, supporting each other through thick and thin. I think students should get involved because it helps you see and tend to your surroundings. Leadership positions are able to bring people together through a special connection that you may not be able to get anywhere else. – **JAYDA BERNARD '20**
